

- Given number is even or odd

```
#include <stdio.h>
#include <conio.h>
Void main()
{
    int n;

    printf("Enter an integer\n");
    scanf("%d", &n);

    if (n%2 == 0)
        printf("Even\n");
    else
        printf("Odd\n");

    getch();
}
```

output:- Enter an integer:- 2, 4, 9, 6

even:- 2, 4, 6

odd:- 9
